

June 2016

With the first half of the year almost at an end we would like to share some of our news and statistics with you.

TAX RECON: 2015/16

As you all know, the 2015/16 tax reconciliations were due by the end of May. We assisted most of our clients with testing their IRP5 files in e@syFile and managed to get them all submitted on time and without any errors.

RANSOMWARE

A number of our clients' systems have been "attacked" by Ransomware. It is important to do all you can to avoid this happening to you. The risk of losing all your data is real and the consequence is serious.

Avoid this by:

- Regular backups (stored off your PC)
- Anti-Malware software
- Confirming the legitimacy of email attachments before opening them

TRAINING

Our On-Line Training programme has allowed access to clients regardless of where they are - all you need is a robust connection and you can enjoy training in front of your own computer!

We have had the following training sessions this year:

- Diesel Rebate Training - 32 attendees
- Closing the Season Training - 11 attendees
- New Season & Estimates Training - 20 attendees
- IRP5 Training - 14 attendees
- Leave Payout Training - 36 attendees

Watch this space!

The following sessions are coming soon:

- Income & Deduction Training
- IRP5 Training
- Vehicle Training
- Materials Training

SQR STAFF NEWS

We welcome Marnus to the Team. Some of you have worked with Marnus on the Farmer Support Team - we wish him a long and prosperous journey with SQR.

If you have been missing Dheshree, she is on Maternity leave, and has had a beautiful little girl, Danica.

NOTABLE DATES

- Next Tax Recon Due: **31/10/2016**
- CanePro Update was on: **15/03/2016**
